

AMENDMENTS TO CLAIMS

In the Claims:

Claim 1. (Currently Amended). A compound of the formula

including a pharmaceutically acceptable salt thereof wherein

x is 0 or 1.

R is H, alkyl or arylalkyl; ~~alkenyl, aryl-(CH₂)_p, heteroaryl-(CH₂)_p, cycloheteroalkyl-(CH₂)_p, or~~

~~R can be joined together with the carbon to which it is attached to form a 3 to 7 membered ring which may optionally be fused to a benzene ring;~~

~~R¹ is H or -COR² where R² is alkyl, aryl (CH₂)_p, cycloheteroalkyl (CH₂)_p, heteroaryl (CH₂)_p, alkoxy or cycloalkyl (CH₂)_p;~~

p is 0 or an integer from 1 to 8; and

A is a conformationally restricted dipeptide mimic which has the structure

where Y is CH₂,

R⁷, R⁸ and R⁹ are independently selected from hydrogen, alkyl, alkenyl, cycloalkyl-(CH₂)_m-, aryl-(CH₂)_m- and heteroaryl-(CH₂)_m-,

where m is 0 or an integer from 1 to 6;

R⁶, R¹⁰, R¹¹, and R¹² are independently selected from hydrogen, alkyl, alkenyl, cycloalkyl-(CH₂)_p-, aryl-(CH₂)_p- and heteroaryl-(CH₂)_p-; and

~~R⁴ is OH, alkyl, O-(CH₂)₈-heteroaryl,~~

and R₂ are independently H, alkyl, aryl, aryl (CH₂)_p or heteroaryl;

R¹⁴ is hydrogen, alkyl, cycloalkyl, or phenyl;

R¹⁵ is hydrogen, alkyl, alkoxy or phenyl; and

R¹⁶ is alkyl or aryl (CH₂)_m; wherein the term heteroaryl alone or as part of another group refers to an aromatic ring which may optionally contain at most one sulfur atom or at most one oxygen atom and/or one to four nitrogen atoms, provided that the total number of heteroatoms in the ring is 4 or less, which aromatic ring may be optionally substituted with one, two or three substituents, and which aromatic ring may be fused to a benzene ring or a pyridyl ring to form a bicyclic ring which may be optionally substituted.

Claims 2-11. (Canceled).

Claim 12. (Previously Presented) A pharmaceutical composition comprising a compound as defined in Claim 1 and a pharmaceutically acceptable carrier therefor.

Claim 13. (Previously Presented) The pharmaceutical composition as defined in Claim 12 useful in the treatment of hypertension and/or congestive heart failure.

Claim 14. (Previously Presented) A method of treating hypertension and/or congestive heart failure, which comprises administering to a mammalian species a therapeutically effective amount of a composition as defined in Claim 12.

Claim 15. (Previously Presented) The compound as defined in Claim 1 which is

or a pharmaceutically acceptable salt thereof.
